

# Join Seattle Nature Alliance

Seattle Nature Alliance advocates for preserving Seattle's natural areas for passive recreation, wildlife habitat, and scenic beauty. We hope to stimulate and facilitate discussions and actions among all stakeholders to that end. We are a voice, as well as a place to come together.

**Become a member** and make a difference! Benefits include:

- Belonging to an organization solely dedicated to the protection and preservation of the natural areas in our parks and other public/private lands ([read more about our mission](#))
- A monthly, members-only, update; find out what we've been up to, stay current on what's happening locally, and learn how to best get involved.
- Public acknowledgement, by being listed as a member on our website.
- Personal satisfaction of knowing you that you are taking part and playing a role in the effort to preserve natural areas in the city of Seattle.
- Gratitude from all the people who enjoy our parks and treasure the ability to connect with nature, and from all the flora and fauna living there who call those natural areas their homes.

## **\* Annual Membership:**
